

Baby's Basket

Baskets of care for babies in need

*Baby's Basket is a registered charity
registered in England and Wales
Regd.No. 1169227*

Baby's Basket is the 'baby bank' for Lincolnshire, serving the whole of the county. We would be grateful for items marked with '✓' for babies **newborn to 3 months**, from the list below.

Sorry, we can't take items marked '✗' because we either don't have the storage facilities, our insurance doesn't cover us, or they aren't appropriate for babies 0-3 months.

Thank you for your support. Together we're making a difference

Rev.12/18

We believe every baby deserves the best we can give them; we also want the recipients of our baskets to feel they are receiving a gift from one mum to another. **If you aren't sure an item is suitable**, then ask yourself: if I received this, would I be happy to give it to my baby? If you would, then we are happy to receive it for our baskets.

If your items have been recently laundered please mark each bag clearly; this saves us washing them again.

If you would like to knit or make for us there are patterns and instructions on our website, or use your own. Please don't knit toys, matinee coats or bootees. For safety no ties or ribbons at the neck. We always need cardigans in boy

colours. You needn't limit yourself to pastel colours, stronger colours and stripes are welcome too. Finished chest size 17-18". Blankets need to be approx. 26"-28" square or rectangular.

If you would like to buy for us please do check first to find out what our current needs are by clicking the 'Most Needed' link on our home page, or by texting or phoning us.

Finally, before donating, please check that all loose parts are securely attached and mechanical items are in working order. If instructions are available please include these too. Toiletries must be unopened.

Thank you.
